Location:

Kala Amb,
Himachal Pradesh,
India

Cluster 1

2006 - Ozone stepped into manufacturing by setting up its first Unit Investment in Kala Amb in North India.

The unit focused on manufacturing stainless steel casted products like spiders, connectors, handle manufacturing, etc.

2010 - Unit 2 was established, focusing on manufacturing railing components and urban furniture. This unit enabled Ozone to establish itself in many business derivatives beyond hardware.

2012 - Unit 3 was established focusing on safes and fire-rated doors. All units are state-of-the-art with modern machinery and have international certification for manufacturing processes, environment, and quality waste management.

A fully automated Testing Lab has been set up recently, enabling in-house testing for manufactured products.

Cluster 2

2023 - Ozone's manufacturing facility in Rajasthan Industrial Area - Ghiloth, marking the beginning of a new era in manufacturing for the group.

It's a state-of-the-art setup with the latest technology and machinery.

This unit offers an opportunity to introduce new product lines, and there are plans to add more specialized units in the future to expand Ozone's 'Made in India' product portfolio.

For over two decades, Ozone has offered Architectural Hardware Solutions with a diversified portfolio of more than 5000 products. These products are tested and certified internationally for quality, functionality, and performance.

► KUBE LINE INSTALLATION IDEAS

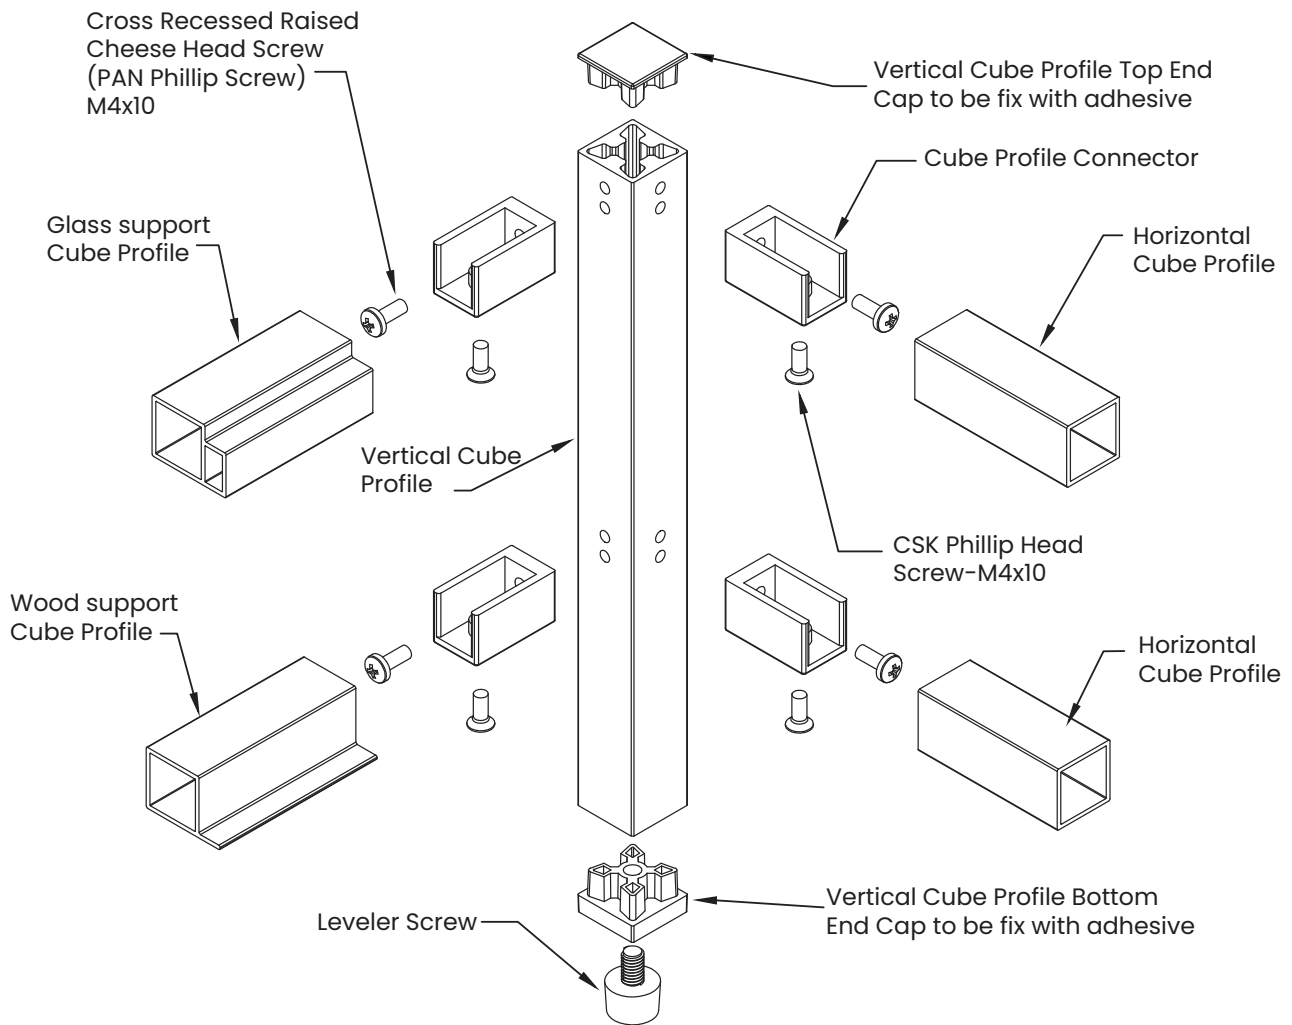

1 Kube Line mounted on wall

One method for installation of Ozone Kube Line involves attaching flat-head screws vertically to the wall, which can then be concealed with caps.

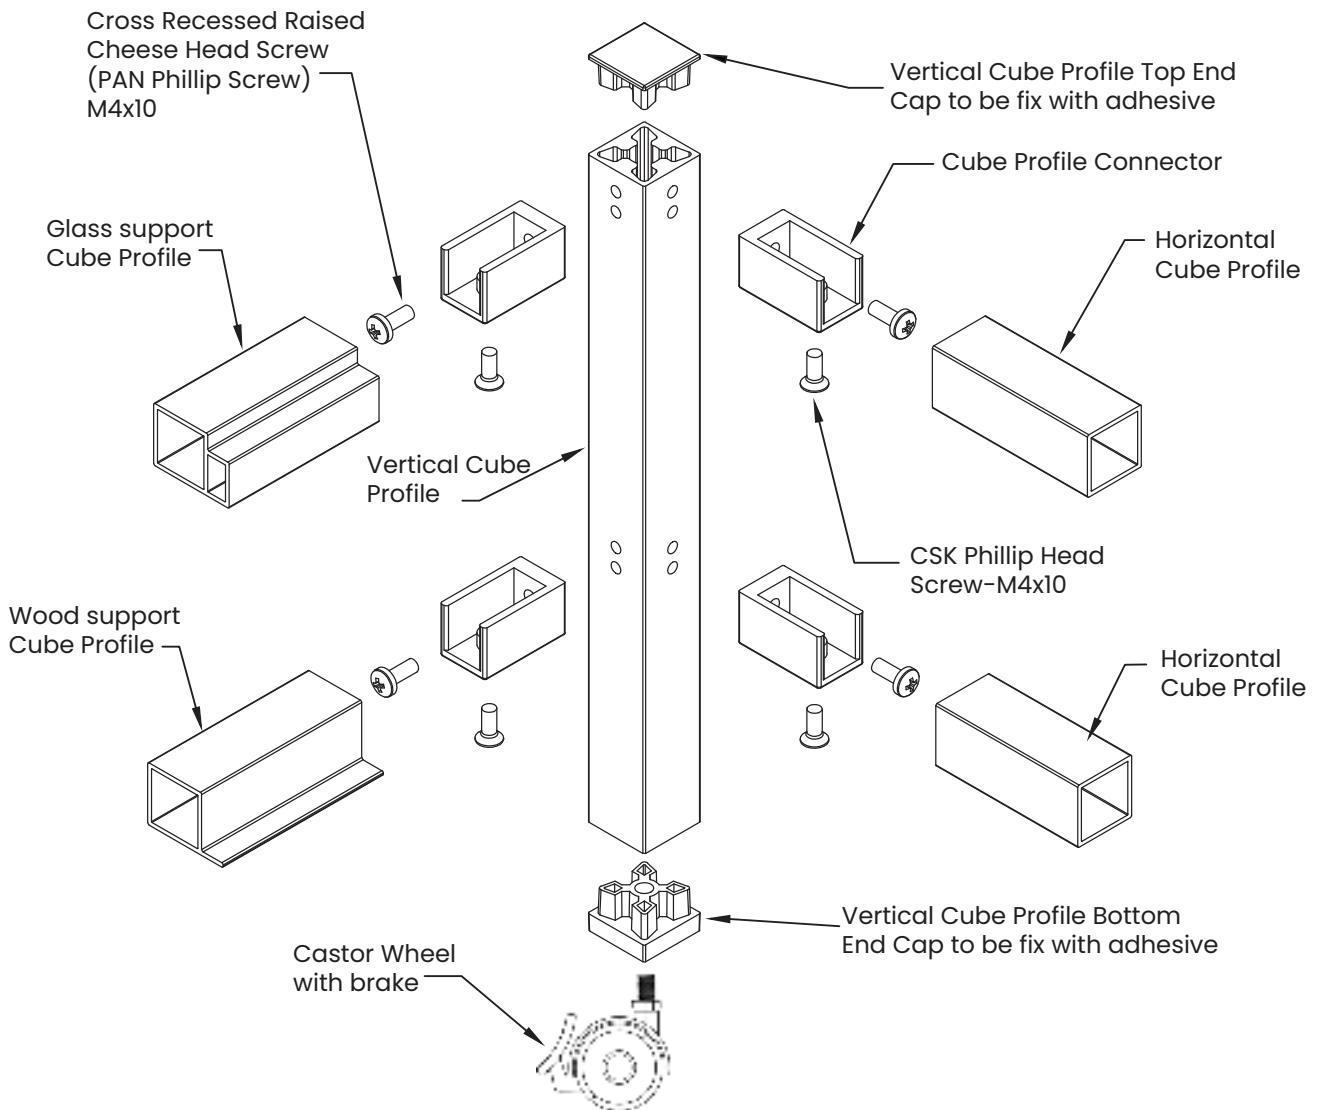

2 Kube Line for floors

For stable, sturdy & effective shelving system, use Ozone Kube Line with M6 plinth screw. These plinth screw should have an M6 thread for easy installation, utilizing our bottom cover cap with M6 hole.

3 Kube Line with castor wheels

When it comes to mobile furniture components like tea trolleys and TV stands, one practical solution is to use castors.

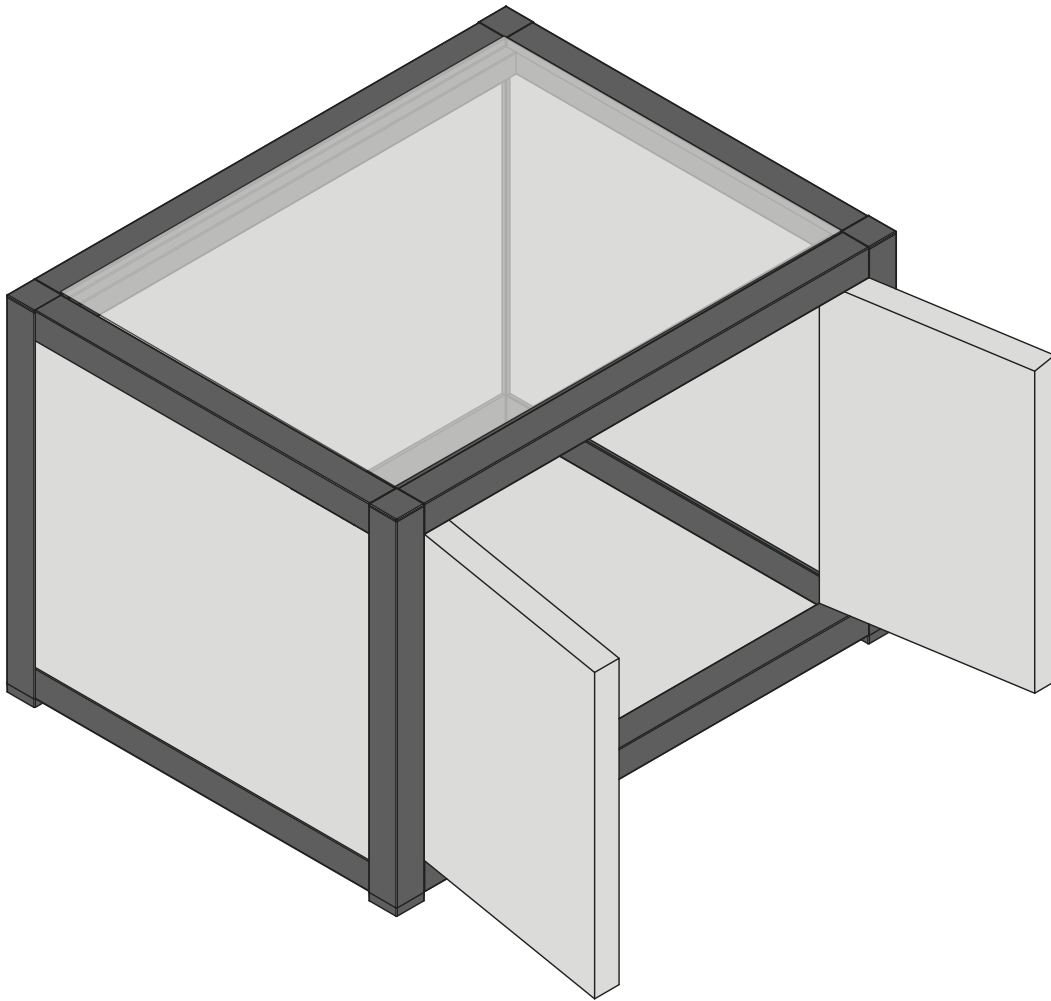

The market offers various castor options, including those with or without brakes, all of which are compatible with our cube shelving system.

These castors should have an M6 thread for easy installation, utilizing our bottom cover cap with M6 hole.

4 Kube Line with hinged door

Other innovative option to use Ozone Kube Line is to use as an cabinet with hinged door mounted on wall.

Recommended Hinge for front panel

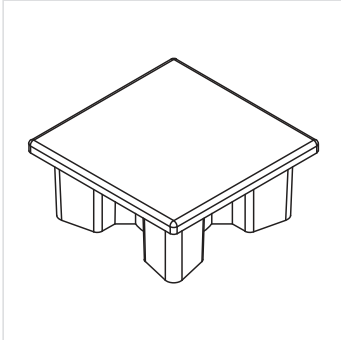

Soft Close Clip-on Hinge
with 2 hole mounting plate & cover cap

(OEC451-C2S-SC C15 NP or OEC451-C2S-SCN C15 NP)

► ACCESSORIES COMPATIBLE WITH OZONE KUBE LINE

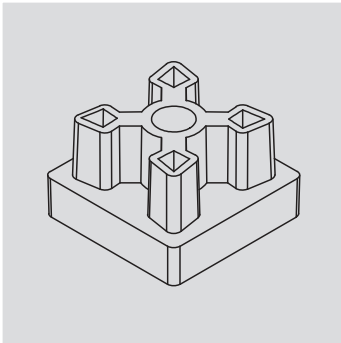

► Top Cover Cap for Vertical Profile

The Cover Cap serves as an effective solution for concealing an exposed basic vertical profiles, making it aesthetic appealing.

These caps can be easily inserted into the end of the profile with the help of a silicon based adhesive to achieve a secure and finishing connection.

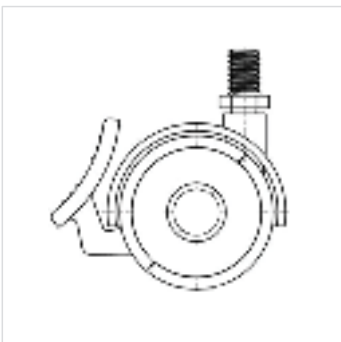

► Bottom Cover Cap with M6 hole for Vertical Profile

This Cover Cap with hole are mostly used in bottom part along with Castor wheels or Plinth screws.

These caps can be easily inserted into the end of the profile with the help of a silicon based adhesive to achieve a secure and finishing connection.

► M6 Castor Wheel with Brakes

To enhance the mobility of the Kube Line, users have the option to install castor wheels, with or without brakes, providing convenient accessibility.

► Plinth/Leveller Screw

To enhance stability and provide the capability for adjusting the height, leveller screw equipped with M6 threads can be used.

ELEVATE YOUR BATHROOM WITH CONTEMPORARY ELEGANCE

Bathrooms are your daily haven, where you begin your day and find peace in the evening. They should reflect sophistication and tranquility while staying functional for the modern lifestyle.

Introducing the Kube Line by Ozone, a collection that effortlessly combines contemporary elegance with practicality.

These designs exude modern elegance and can be adapted and customized to suit your bathroom space, ensuring it is not only beautiful but also functional.

CREATE A KITCHEN THAT SPEAKS TO YOUR CHARACTER

Add a bit of class to your cooking area with the Ozone Kube Line. Meticulously crafted shelves to showcase your homemade spice jars or flaunt your prized tableware.

Designed for lasting durability, this shelving system effortlessly combines style with functionality, ensuring your kitchen essentials are not just stored but showcased in a way that speaks volumes about your unique character.

SPACES THAT INSPIRE THE MILLENNIAL SPIRIT

Millennials, known for their dynamic and evolving lifestyles, have a strong inclination toward comfortable work environments. Design aesthetics are a crucial consideration for this generation.

The Kube Line, crafted to fit with different shelves, transforms standard overhead storage spaces into visually striking furniture pieces.

This innovative approach can completely reinvent any wall in your home, making it a sleek and contemporary design statement.

A SANCTUARY OF SERENITY TO SOOTHE YOUR SOUL

In every home, there's a special corner that can bring a sense of calm and relaxation. It offers comfort like a warm cup of coffee, providing solace and a way to unwind.

The Ozone Kube Line Is designed for both open and closed shelves featuring a hinged shutter.

It can help you create this special nook with your favorite books where you can choose to showcase them or keep them dust free.

TRANSCEND THE ORDINARY LIVING SPACE

In today's design-conscious world, there's a need to strike a perfect balance between aesthetics and storage efficiency.

The Ozone Kube Line seamlessly blends aesthetics and functionality for space-conscious individuals. It offers an artful solution to creating beautiful, practical living spaces. This versatile line allows for an attractive and accessible storage option.

THIS PART OF THE HOME IS CALLED: THE ZEN ZONE

The desire for a personal home library, a sanctuary to house one's literary treasures and indulge in the pleasure of reading, is a shared dream.

With Ozone Kube Line, you can personalize a library that defies conventional expectations.

You can choose to incorporate wood or glass panels with it in order to embody modernity while serving the traditional purpose of a library.

TRANSFORM YOUR KITCHEN INTO A WORK OF ART

Picture a kitchen where the island is beautifully decorated with the Kube Line, offering various shelving choices. You can easily liven up the kitchen with some lovely planters, making it look even more appealing.

The result? A kitchen that has a touch of elegance and a clean, minimalist style.

CRAFTING CULINARY SPACES WITH MODERN FLAVORS

The innovative design takes centre stage with Ozone, as our designers introduce a revolutionary kitchen concept.

This concept transcends the conventional kitchen experience, carving a niche for itself as a unique and captivating addition to interior spaces.

With the Kube Line, we elevate the aesthetics of your kitchen, creating a culinary haven that transcends the ordinary.

REVEALING THE SECRET OF ORGANIZED KINDERGARTENS

Kindergarten schools frequently encounter difficulties when it comes to managing stationery, books, and other items intended for young children.

In these scenarios, a portable Kube Line trolley with an enclosed bottom compartment presents an optimal solution.

This innovative piece of furniture not only maintains impeccable organization but also facilitates effortless mobility, ensuring convenient access for children to their supplies during playtime.

EVERY WALL IS A CANVAS OF INSPIRATION

In Postmodern Art galleries, it's essential to design areas that artists can use again and again, while also giving them the freedom to display their art just the way they want.

With the compatibility of wood and glass panels, Ozone Kube Line is a great option for showcasing artworks.

It effortlessly fit into the surroundings and put the art itself in the spotlight.

WHERE THE CAPTIVATING ART PIECES TAKE A SPIN

Contemporary art thrives on the concept of flexibility and portability. In a gallery setting, the Ozone Kube Line with a wheel base provides an organized solution for artists to seamlessly move their artifacts.

This enhances the overall art experience by allowing the artists to display their artwork in the most desired and meaningful way.

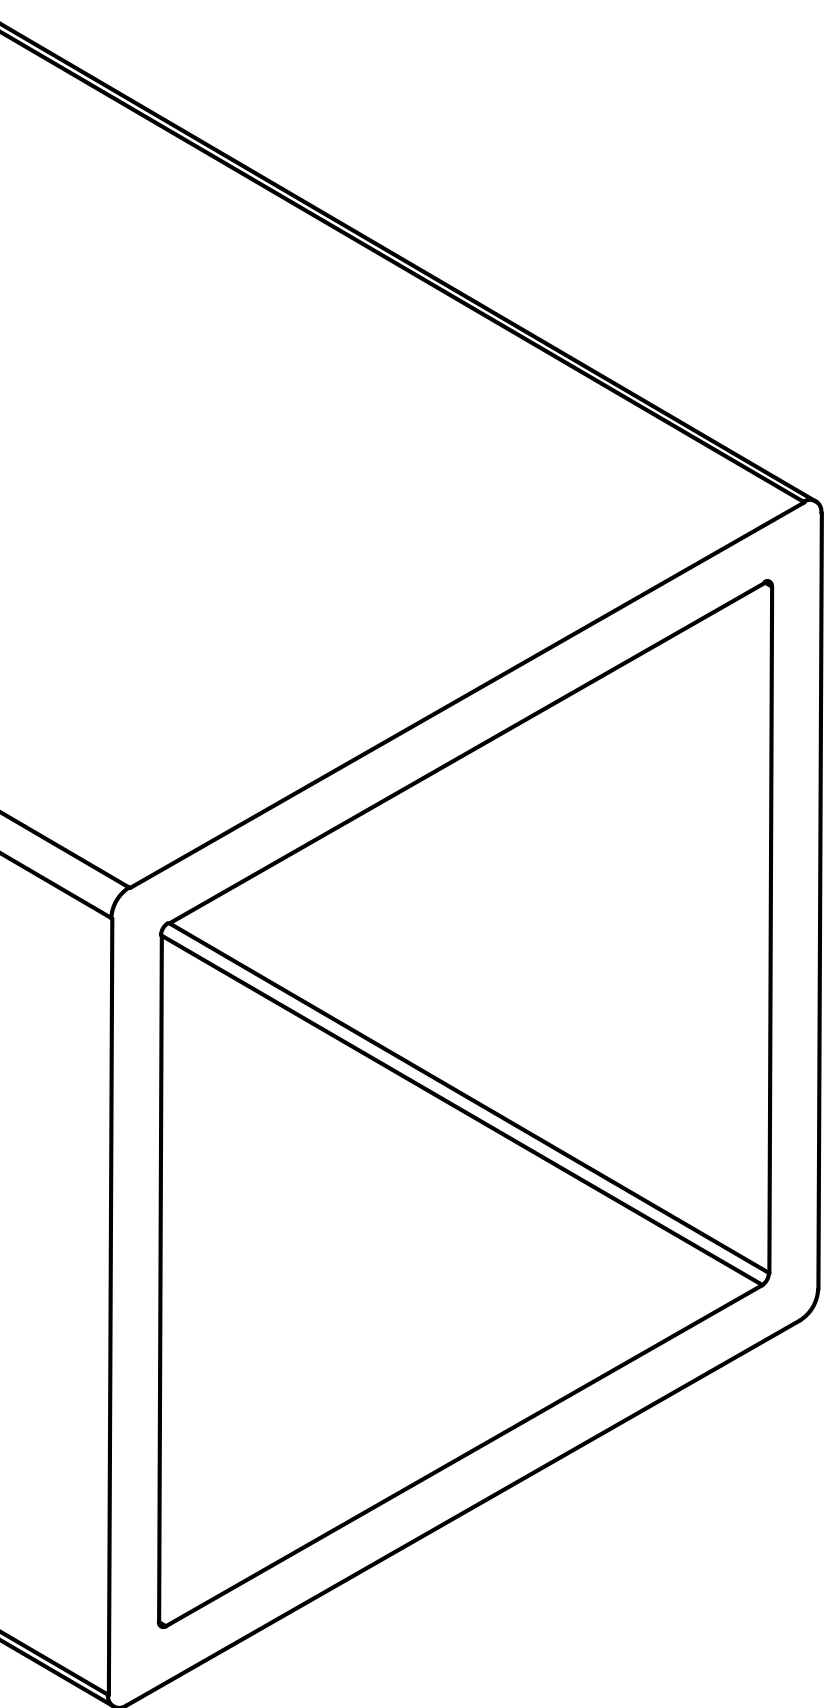

THE UNCHARTED REALMS OF BOUNDLESS POTENTIAL

The Ozone Kube Line is meticulously crafted to provide unparalleled design flexibility. Designers and architects can unleash their creativity by experimenting with the versatile form of the Kube Line.

This adaptable shelving system seamlessly integrates into various spaces, making it an ideal choice for a wide range of design projects.

WHAT MAKES THE KUBE LINE AN IDEAL CHOICE?

Kube Line features a contemporary design that brings modern elegance to your living space. Its versatility makes it a multi-utility item that complements a wide range of furniture styles. With customization options available, Kube Line empowers you to tailor it to your specific needs. Furthermore, its effortless installation and assembly make it a hassle-free addition to your home. So you tell us, isn't it an ideal choice?
